# The STATE NEBRASKA BANK & TRUST Century Club

March 2024 Kaki Ley, Coordinator Vol. #243

## SNB Gives Back to the Wayne Community

Our bank employees celebrated their 100% participation in the local Wayne Community Chest Campaign for the 10th year in a row. Employees donated \$2,726, which State Nebraska Bank & Trust matched dollar-for-dollar, to make a total donation of \$5,452. That's over 12% of Wayne Community Chest's total campaign goal for 2023! The money goes a long way in touching the lives of people in Wayne. We are proud to support the Wayne Community Chest!

## Celebrate American Agriculture National Ag Day March 19, 2024

The Agriculture Council of America (ACA) will host National Agriculture Day this year on March 19th, marking the 51st anniversary of National Ag Day, with the theme "Growing a Climate for Tomorrow."

National Ag Day celebrates the accomplishments of America's farmers and ranchers and wants Americans to understand the value of agriculture in their daily lives. One U.S. farm feeds an average of 165 people annually in the U.S. and abroad. Thank a farmer!

## DATE CHANGE! - March 15 Seminar & Movie

Todd Young, a Professor of Physics and astronomy, from WSC, will share information on the upcoming total solar eclipse that will occur April 8, 2024, in certain locations in the United States. Come early to learn about this extraordinary occurrence.

## Century Club Movie TICKET TO PARADISE

PG-13, 1hr, 44m - Romantic comedy

A divorced couple tries to stop the marriage of their daughter, and in the process, rekindle their old relationship. The tropical setting is worth the watch, and it stars Julia Roberts and George Clooney.

Friday, March 15 - 10am

Seminar - 9:40am

Cookies & Coffee - 9:30am

# travel with us in 2024 & 2025

## HONOLULU & HAWAIIAN ISLANDS CRUISE VACATION

February 15-25, 2024 - Recap

The Century Club just returned from the Hawaiian Islands trip. We toured the USS Arizona Memorial at Pearl Harbor, the USS Missouri, and the islands of Hawaii. We enjoyed Waikiki Beach, Honolulu, whale watching, botanical gardens, island tours, ziplining, helicopter rides, kayaking, Waimea Canyon, an authentic Polynesian Luau, and so much more. While on the Norwegian Cruise Lines Pride of America we enjoyed live entertainment, classes and, way too much food. I think some of us put on some pounds because of all the delicious meals. What a wonderful trip with "Nebraska Nice" people. ALOHA!

## BROWN FAMILY - Le Mars

### CELTIC MUSIC SHOW

March 14, 2024 - 1:30pm

Join us Thursday, March 14, when we will once again get to enjoy the Brown Family in Le Mars. Before the show we will enjoy the traditional tasty buffet at the Brown Event Center. The show starts at 1:30 after which time we will mosey down to the Wells Visitor Center and Ice Cream Parlor for a little dessert. We will have you home by 6pm. I have reserved 30 tickets. We have some tickets remaining. The cost is \$140 which includes coach, meal, show and gratuities and is payable when you sign up. See you in March!

## VIVA LAS VEGAS!

### & NATIONAL PARKS & CANYONS OF THE SOUTHWEST

October 6-11, 2024

This trip includes Las Vegas, Hoover Dam, Mob Museum, Grand Canyon West, Grand Canyon Skywalk, Mesquite, Bryce Canyon National Park, St. George, and Zion National Park. We spend two nights in Las Vegas, which is known for the best restaurants and entertainment, and three nights in Mesquite. There are still places available. Fall is a good time to travel to the southwest. Sign up soon for this trip.

## When is the solar eclipse in 2024?

Dr. Todd Young, director of the Fred Dale Planetarium at WSC and Professor of Astronomy and Physics at WSC, will talk to the Century Club before the March 15 movie of an upcoming eclipse of the sun on April 8th this year. In Nebraska it will only be a partial eclipse. The last time there was an eclipse we could see in NE was in 2017 and that was a full one near Grand Island. He hopes to set up a viewing on April 8th (time to be announced in April newsletter) in the WSC football stadium to see the eclipse. Recently he spoke at Rotary and explained how the sun, earth, and moon rotate and create the various changes in seasons and moon visibility. The earth revolves around the sun in a year and the moon revolves around the earth in a month. He emphasized to NEVER look directly at the sun because the UV rays will instantly damage your eyes. We are so fortunate to have an expert in Wayne to share his knowledge of this fantastic astronomical event! Come to the movie March 15 to learn more.
